OPERATION MERRIMACK - Special Report

On 1 May 1968, a MERRIMACK source overheard a colored man make the following statements:

"It's a lot of information on Stokely Carmichael and H. Rap Brown that the public don't know about. Such as Stokely's true name is Peter MILLIGAN and Rap Brown's name is John GREEN. They both are young and have been to every college there is and are working for the communists - and when I say the communists, I mean CIA. That's who is paying the bill."
